

## Collin Miguel De León Sutton

April 3, 2000 - November 5, 2022

It is with profound sadness that the De León Sutton family shares the passing of Collin Miguel De León Sutton, aged 22. Collin passed away on November 5th, 2022, in San Antonio, TX.

Collin was born in Biloxi, Mississippi April 3rd, 2000, on Keesler Air Force Base. He spent his early life in New York, Portugal, and Harlingen, Texas, before growing up in San Antonio, Texas.

Collin was a kind-hearted soul who was at his best when there was an opportunity to support the people he loved. He loved his niece, June, and enjoyed introducing her to all genres of music. Collin loved animals and enjoyed spending time with his dog, Dolphin.

Collin had many interests, including a remarkable ability to remember the most obscure facts and stats. He had an incredible mind and curiosity for history and music and enjoyed sharing his knowledge with those around him. This ability extended to sports which he shared a love with his father.

Collin was also very artistic and expressed his creative abilities in the music he wrote and the amazing outfits he put together and confidently wore. He loved fashion and enjoyed spending hours in thrift stores when the opportunity arose. One of his favorite thrifting experiences was in Tokyo, Japan.

Collin loved his family and was fiercely protective of them. He also loved and will be missed by his extended family, including his many cousins, aunts, and uncles. Collin had plans to return to school in the near future. He was also looking forward to starting a new job as a barista.

He is survived by his parents Dalia De León and Kenneth Sutton, sisters Clara Sutton and Camille Sutton, and niece June De León

“ I’ll miss you every day, Collin. You were the best of friends to my Nic and I loved having you around. You were just like two peas in a pod and I’ll miss the way you laughed and would goof around with the boys. Thank you for bringing light into our lives. I hope you knew you meant the world to us. Love you always, Tia Alma
