

Janet S. Bergman

March 20, 1945 - December 25, 2021

Janet S. Bergman, 76, March 20, 1945 - December 25, 2021, daughter of Murray and Sylvia Simon. Formerly of Easton, Pennsylvania and New Smyrna Beach, Florida. She also lived briefly in Cleveland, Ohio and Austin, Texas.

After graduating from Temple University, she and former husband of 28 years Sidney Bergman raised their daughters Allison and Hillary in Easton, PA.

She followed her dream to open an antiques shop by moving to Jim Thorpe, PA. While there, she connected with Michael Noel, who would become her partner of 20 years.

Warmer weather called, and she moved to New Smyrna Beach, where she purchased an historic building that she renovated into multiple retail, office and living spaces. In this building she first had an antique store and then a shoe and accessory store. When she retired, she rescued a dog named Lady, who proved to be a wonderful companion and brought lots of joy to Janet.

When Janet's health declined, she moved closer to Allison in Cleveland, and then to Austin to be near Hillary. Hillary organized Janet's care, ultimately having Lucy Lasso be her primary caregiver. Lucy not only cared for Janet- she also became a friend.

Janet was creative, organized, smart, chic and irreverent. She will be

remembered for her humor, her beauty, and her stubbornness. She will be missed by her daughters, Rabbi Allison Vann (Charlie), and Hillary Bergman (Lee Perry); and her grandson, Isaac Vann. Janet was predeceased by her longtime partner, Michael Noel.

A private memorial will be held.

Donations in memory of Janet may be made to Suburban Temple-Kol Ami, <https://www.suburbantemple.org/>

“ Allison and Hillary - so sorry for your loss. Your mom was a huge part of my life growing up and I can truly understand your loss as she was a wonderful person. The recent loss of my father and now your mother brings great sorrow. Know that I will be sending comforting thoughts and keeping the memories of your mother alive through the memories of my father and the stories I share with my family. Love to both of you and your families in this difficult time.

“ Meeting Janet in college as my freshman year began was the beginning of a long relationship with her and our two families. A week at Lake Naomi in the rain with the four kids is some thing I know Allison and Hillary and Stefanie and Julie and myself will never forget. And the exchange of dogs and children is something I know we have fond memories of. The relationship between Ziev and the Bergman family played a very important part in the years of raising my family and I will never forget.
