He is now together with him Grandma mom and dad and all the rest of the Tropianos being the last Tropiano of our generation! Lenny and Luci and his grandchildren were his pride and joy! “ I met Paul on Nov 1 2017

*And was blessed to be his companion for 2 years. He was a good man who was very sensitive and also had a great sense of humor. He Loved to write poetry and he was quite good at it. He enjoyed playing pool because he was excellent at trick shots and really enjoyed showing others how to do them. He was a good dancer and we had fun doing that together. The thing that brought the greatest joy to Paul were his children Lenny and Luci and 5 grandchildren. When they would call him, his whole being would light up. They were by far his greatest love. He will be missed by all who had the pleasure to know him. But we know now he will be pain free and happy forever. God Bless you Paul I will truly cherish our time together.*

Love ❤️

Donna ❤️🙏❤️

“ When I first met Paul he didn't drive. He took the train from Brooklyn to LI. I had to teach him to drive. It didn't come easy at first. We had a lot of laughs over that. Paul had a great sense of humor he could always make me laugh.

“Dad you will be dearly missed. I know the transition to Texas was difficult and hard, but I'm grateful that we had a chance to get closer to each other and spend time together. I know you felt it was a burden, but I looked at it as a positive thing that I got to see you more often. I know you're no longer suffering, no longer needing all the doctors to watch over you. You're with all the loved ones that have passed before you.
