

Rosa Aks

December 5, 1942 - August 21, 2023

I can't express what Rosi represented in my life, in the life of my family and of her many friends. She was an example of generosity and goodwill. She was always present to help whoever needed it. She did everything in good spirits, with a joke or a smile. Her enormous optimism in life was reflected in all of her actions. She didn't ask for much, just a smile in return from the people who passed by her house whom she greeted. She sat with her little dog watching the street. Other people's happiness made her happy. I think there are many of us who will never forget her. We will always remember her with great love, as a ray of light, and her ever-present optimism. Let's remember her as the strong person, with an immense sense of humor, even in the worst moments of her life.
