“ Dr. Liebermann was such a close friend to my family. Him and Olivia were at almost every single high holiday event at our home, and I will never forget how great it was to see them both each time they came over. He was a special person, always positive and thought provoking and really someone you wanted to get to know. I will miss him dearly, but I want Olivia to know how important he was to me personally. I enjoyed many interactions with Thomas, and I am grateful for how he was always available to discuss anything, actively listening with a smile on his face. Rest in peace Thomas.

“ Dr. Liebermann was the kindest sweetest specialist I had the pleasure of working with. He mentored me during my first years of my career as a Hospitalist and always treated me with respect and attention. Nothing was too silly for him or inconvenient for him. I will miss him dearly.

“ Dr Thomas Liebermann was not only a brilliant gastroenterologist, brilliant researcher, and wonderful and compassionate human being. He was a great husband, a great son, a great father and a great friend. To me, Tomas was a mentir, an adopted father, an unconditional friend and a role model. Thank you for all you have done for me, for my family and for all the people you touched with your brilliant mind and warm heart. Te quiero muchísimo y te voy a extrañar mi queridísimo amigo!

Hilel Swerdlin - March 20, 2023 at 12:43 PM

I meant mentor not mentir . This was a typo.

ADC Physicians extends our deepest sympathy to Dr. Liebermann's family, friends, and patients. Dr. Liebermann served in our clinic for 34 years as a gastroenterologist and helped take care of thousands of patients during his tenure. He was always well regarded as a compassionate and driven physician. He was a great mentor to many, and his kindness to those around him was always noted and will be remembered. Dr. Liebermann was a wonderful physician, friend, and colleague who will be missed. We are grateful for him being part of our Clinic and helping so many in the Austin community.

I had the honor of working for Dr. Liebermann for 30 of his 34 years at the Austin Diagnostic Clinic plus saw him as a patient. He was always a courteous gentleman and treated me with reassuring kindness.

Dr. Liebermann was my gastro "go to" guy until his retirement. I really enjoyed his personality and skills (given the situation...colonoscopies are never fun!). I appreciate his wonderful service to the ADC and Austin Gastro community and to me personally. Condolences to his family.

“ *Ah, querido cuñado, fuiste nuestro primer maestro de inglés cuando aún éramos unas niñas. Siempre te gustó lo mejor, los viajes, la buena comida, y por supuesto mi hermana; pero para eso te preparaste bien en la vida, con tus estudios y arduo trabajo. Descansa en paz, que tu recuerdo permanecerá en nosotros por siempre!*

“ My memories of you and our long walks together on the Town Lake Trail will be with me forever. You gave me great support during challenging times, loved to share jokes, and talk about medicine. We developed a special friendship over the years, became each other's confidante and supporter. I will miss you dearly.

“ *My uncle was a great talker. I really liked listening to him talk about the topics he was passionate about: politics, books, movies, medicine. He was very educated and liked to debate and make people think. Visiting him was always a delight. He will be really missed. A big hug for you aunt.*
